

Extend bleed graphics or background 3mm to the edge of this area

The diagram shows a badge layout within a rounded red border. At the top center, there is a red circle representing a punch hole. A blue line forms a U-shape around the punch hole, indicating the finished product boundary. A larger red line follows the outer edge of the badge, representing the trim line. The text 'FRONT' is centered below the punch hole. Below that, the finished product size and artboard size with bleed are specified. A large 'Text/Data Field Example' is centered in the middle. At the bottom, there are two lines of explanatory text: one for the blue safety line and one for the red trim line.

FRONT

Finished product size: 74x105mm, A7
Artboard size with 3mm bleed: 80x111mm

Text/Data Field Example

Safety line: Keep any artwork you don't want cut within the blue line

Trim line: We'll cut your badges along the red lines

Extend bleed graphics or background 3mm to the edge of this area

BACK

Finished product size: 74x105mm, A7
Artboard size with 3mm bleed: 80x111mm

Text/Data Field Example

Safety line: Keep any artwork you don't want cut within the blue line

Trim line: We'll cut your badges along the red lines
